"Blue Attired, Much Admired, Most Desired,—
Wrexham Strain—The Best"

Extra Fine Strain Double Poppies

Many of these are an immense bright red, resembling peonies and making a gorgeous display in the garden. Very easily grown.

Cultural Directions:

Sow thinly either in early spring or fall where they are to remain. Plant very shallow. When they germinate, thin out so the plants will be 6 or 8 in. apart.

Packet 15 cents

The
Wrexham
Strain

Produces a
large propor-
tion of very
superior plants
from seeds.
Packet \$1.00

PLANTING DIRECTIONS: Plant the seeds either in early spring or mid-summer, in flats filled with fairly rich soil. Cover with $\frac{1}{8}$ in. sifted soil. Cover with either cloth or glass frame, glass preferred, and place a sheet of newspaper under the glass to shade the soil and retain moisture. Keep quite moist. Remove shade gradually. When the seedlings have 3 or 4 leaves transplant a foot apart. **Do not transplant during a hot dry spell.** If seeds are planted in summer, the seedlings should be transplanted into a cold frame for the winter.

If available, a greenhouse is best to start the seeds.

WREXHAM DELPHINIUMS with their wonderful delicate shades, combine beautifully with light pink glads. Some of the most artistic floral baskets we have seen have been made with this combination.

BREAK O' DAY, the **EARLY** glad, would be ideal for this purpose. It is a very delicate pink and extremely beautiful. It is bound to prove a great forcing variety. It is very prolific, a splendid germinator and blooms from bulblet. Break o' Day was \$25.00 per bulb until recently:

SPECIAL OFFER: 1 No. 3 size bulb and 35 Bulblets Break o' Day and 2 packets Wrexham Delphinium Seed\$5.00

The Wrexham plants grow over 6 ft. tall and often the bloom spike has a length of from 3 to 5 ft. As may be noticed in the picture, many florets make a silver dollar look small. The coloring is wonderful, shades of lavender and blue predominating. Some are purple or very dark blue with all shades in between to absolute sky-blue and even more delicate shades blended with cream. There is a silvery sheen in many blooms and other marvelous combinations of color. A large proportion are double.

Delphiniums have two distinct blooming seasons. The blooms should not be allowed to go to seed to secure best results. It is well to cut the plants back after a blooming season. Bone meal in moderation is good but not too close to the plants.

MRS. MERTON G. ELLIS, CANBY, OREGON

THE OREGON GIANTS

Owing to the heavy demand for our Oregon Giant Pansy Seed, we will not be able to fill more orders till the 1927 crop is ready about Aug. 15th. Then the price will be:

600 Seeds, Finest Florists' Mixture \$1.00

We are very sorry to have had to disappoint so many who have written after our 1926 seed was exhausted.

Mr. H. B. Thompson of Tuscumbia, Ala., recently wrote us:

"I regret you could not supply the pansy seed but you can prepare for my early order next year. For ten years I have been looking for the very finest pansies grown and have tried all the best seed I could hear of anywhere. Yours are so far superior to the best of other kinds that they are in a class by themselves. The Oregon Giants make other kinds look like a joke."

We appreciate the many kind letters we have received from our customers telling of their success with the Oregon Giants.

MRS. MERTON G. ELLIS

For special bargain Sets, see our ads. in December, January and February issues of the A. G. S. Official Bulletin and of The Flower Grower, and February issue of Better Flowers.

A six-month's subscription to Better Flowers free with all orders of \$20.00 or more, if you mention it in the order.

THE BULB TALKS

IT PAYS TO GROW THE BEST.

YES, the Bulb talks! Ours did a lot of good talking for us last summer, and took numerous Blue Ribbons over stiff competition. Our Bulbs took first for us at the Oregon State Fair, for best collection of Gladioli; and also, first for best five varieties—one of the five being our new origination—"Pride of Portland"—with which we won the A. G. S. Trophy for best new seedling at the Portland Regional Exhibit, 1926, where, also, another of our seedlings won first for largest floret over all other varieties.

Our Bulbs won several other firsts for us this summer, and last year, they did too, and captured a fine silver cup for us—all of which

means a great deal, for the State of Oregon is now known as the "Holland of America."

Our fine sandy loam and long growing season combine to make plump Bulbs of finest texture. They are full of pep and vitality. We receive many fine letters from our customers. They often write us that our Bulbs have done best for them of any and that they have captured Blue Ribbons, too, with the Bulbs gotten from us.

TERMS—Cash, or 25% down, and balance C. O. D. Where Bulbs and Bulblets are not otherwise listed, you may have 1 at 9th of 10; 10 at 9th of 100; 100 at 9th of 1000; 5000 at 4½ times 1000; 25 at 100 rate; 250 at 1000 rate.

Owing to terrific demand for "The Oregon Giants," our supply is exhausted and we will not be able to fill any more orders for Pansy Seed till next summer. Then the price will be \$1.00 per packet of 600 seeds.

DISCOUNTS—On all cash orders you may select extra Bulbs and Bulblets as follows: 5% extra on orders from \$5.00 to \$25.00; 10% on \$25.00 to \$50.00; 15% on \$50.00 to \$100.00; 20% on \$100.00 or more.

We can still supply Wrexham Strain of Delphinium Seed at \$1.00 per packet; Hood Acres Strain of Delphinium Seed at \$1.00 per packet; extra fine strain of Double Poppies, large proportion being immense bright red, making a gorgeous show in the garden, 15c per packet.

ALL ORDERS are received subject to prior sale, and are shipped either postpaid or express prepaid. Orders of very large value are usually sent by express, for the express company insures safe delivery even against freezing.

SUBSTITUTIONS—If we are out of size ordered, we will give larger quantity of the same variety in the next smaller size we have in stock, unless you request us not to do so. We do not substitute one variety for another unless you so request.

GUARANTEE—Our long list of satisfied customers and the phenomenal and rapid increase of our business, is our best guarantee. We exercise great care to send out healthy stock, true to name; should any prove untrue, we shall be glad to adjust. We cannot, of course, guarantee the results you will obtain. However, as to the growing, we are glad to call your attention to the book, "Making Them Grow," by Merton G. Ellis. Many say it is worth hundreds of dollars to the grower desirous of quickly increasing his stock of the new and higher priced varieties. Price, \$3.50 per copy, postpaid; or free with orders of \$50.00 or more.

BANK REFERENCE—Canby State Bank, Canby, Oregon.

Watch our ads in the Official Bulletin and The Flower Grower, for special offers of collections, and some of our new originations.
